PASSION PROJECTS

TOUR OF HEROES

Code: <https://github.com/mdlangamandla/angular-tour-of-heroes>
Live: <https://mdlangamandla-angular-tour-of-heroes.vercel.app/>

- Created The Tour of Heroes application that you build helps a staffing agency manage its stable of heroes. The application has many of the features that you'd expect to find in any data-driven application.

GREETING APPLICATION

Code: <https://github.com/mdlangamandla/greet-express-app>
Live: <https://greeting-application.herokuapp.com/>

- Designed and created a Greeting application that greets in 3 different languages, counts the number of greeted names, shows the names greeted and how many times a name has been greeted. It also allows the user to delete the greeted names.
